

TERESA FANG

Product Builder | Human-Centered AI | User Research
(919)-360-5847 • teresafangtzf@gmail.com • Portfolio: teresafang.net • [LinkedIn](#)

EDUCATION

Northwestern University, Medill School of Journalism, Evanston, IL
B.S. in Journalism • Intended Minor in Computer Science

Expected June 2029

Georgia Institute of Technology, Atlanta, GA

Aug 2025 – Jun 2026

B.S. in Computational Media • GPA 3.80/4.00 • Dean's List • Ivan Allen College Scholar

HONORS & AWARDS

National Merit Finalist • NC HS Journalist of the Year (2025) • C-SPAN StudentCam National Winner (4×) •
American Junior Academy of Sciences (AJAS) Fellow

EXPERIENCE

Product & UX Research Assistant, *Expressive Machinery Lab – Georgia Tech*

Sep 2025 – Present

- Led UX and product design for an authoring platform enabling non-technical users to create interactive audiovisual experiences without coding, driving feature prioritization and workflow design through user-centered research.
- Synthesized requirements from faculty, researchers, and creative practitioners into product specifications, success criteria, and roadmap priorities.
- Prototyped and evaluated AI-driven interaction models combining computer vision, spatial interaction, and real-time media; iterated on user and stakeholder feedback for public demonstrations.

Product Research Collaborator, *MIT Media Lab – Constructive Communication*

Summer 2025

- Supported early-stage exploration of tools for analyzing large-scale civic dialogue.
- Contributed to interface concepts and storytelling approaches for communicating complex civic datasets.

Product Manager, *Georgia Tech Grand Challenges*

Aug 2025 – May 2026

- Led product discovery and stakeholder research for a sustainable soil-remediation solution addressing lead contamination, engaging 24 community, academic, and legal stakeholders across Atlanta.
- Conducted 11 customer interviews and market analysis, identifying key adoption barriers that informed product positioning and strategic direction.
- Built implementation and commercialization roadmaps focused on scalability, adoption, and long-term impact, coordinating delivery across technical and business workstreams.

PROJECTS

Franky – Founder & Product Lead | *Independent Product Venture*

Dec 2025 – Present

- Defined the product vision for a hardware-software system helping students with ADHD improve task initiation through physical interaction and structured focus sessions.
- Drove 0→1 discovery: interviewed 8 students, developed 3 personas, and evaluated 2 prototype concepts to define MVP requirements and a product roadmap across physical and digital touchpoints.

Job Mama – Product Designer & UX Researcher | *HCI Course Project*

Jan – May 2026

- Co-designed an internship-prep platform for college students, running usability and think-aloud studies to uncover key navigation and workflow challenges.
- Synthesized findings into 6 prioritized pain points and redesigned core user flows in Figma, sequencing improvements by user impact and feasibility.

LEADERSHIP

Editor-in-Chief, *The Stentorian, NCSSM*

Sep 2023 – May 2025

- Launched the school's first online news platform in 40+ years (0→1); led a 20+ person cross-functional team and built editorial workflows that scaled readership to 20.3K monthly views and 88K monthly impressions, funded by \$1,200+ in sponsorships.

President, *Chapel Hill Youth Council*

Aug 2021 – May 2025

- Drove a policy initiative through municipal stakeholders that recognized Lunar New Year as a district school holiday, impacting 14K+ students; launched the council's first Candidates Election Forum.

SKILLS

- **Product:** Product Strategy • Product Discovery • User Research • Roadmapping • Stakeholder Management
- **Design:** Figma • Prototyping • Information Architecture
- **Technical:** Python • JavaScript • React • SQL • TouchDesigner
