

TERESA FANG

Product Builder | Human-Centered AI | User Research
(919)-360-5847 • teresafangtzf@gmail.com • Portfolio: teresafang.net • [LinkedIn](#)

EDUCATION

Northwestern University, Medill School of Journalism, Evanston, IL
B.S. in Journalism • Intended Minor in Computer Science

Sep 2026 – Jun 2029

Georgia Institute of Technology, Atlanta, GA

Aug 2025 – May 2026

B.S. in Computational Media • GPA 3.80/4.00 • Dean's List • Ivan Allen College Scholar

HONORS & AWARDS

National Merit Finalist • NC HS Journalist of the Year (2025) • C-SPAN StudentCam National Winner (4×) • American Junior Academy of Sciences (AJAS) Fellow

EXPERIENCE

Product & UX Research Assistant, *Expressive Machinery Lab – Georgia Tech*

Sep 2025 – Present

- Led product design for 2 authoring-tool iterations ([Sound Clouds](#), [Resonant Spaces](#)) for real-time generative audiovisual experiences.
- Synthesized requirements from faculty, researchers, and creative practitioners into product specifications and success criteria across both tool iterations.
- Prototyped and evaluated AI-driven interaction models combining computer vision and spatial interaction; iterated on feedback for public demonstrations.

Freelance Journalist, *Atlanta Community Press Collective – Atlanta, GA*

Sep 2025 – Present

- Reported 2 investigative pieces on Atlanta transit policy, interviewing 7 government and advocacy stakeholders.
- Analyzed public financial records, including a \$5.5B tax-district extension against a \$2.2B project cost.

Product Manager, *Georgia Tech Grand Challenges*

Aug 2025 – May 2026

- Led product discovery and stakeholder research for a sustainable soil-remediation solution addressing lead contamination, engaging 24 community, academic, and legal stakeholders across Atlanta.
- Conducted 11 customer interviews and market analysis, identifying key adoption barriers that informed product positioning and strategic direction.
- Built implementation and commercialization roadmaps focused on scalability, adoption, and long-term impact, coordinating delivery across technical and business workstreams.

PROJECTS

Franky – Founder & Product Lead | *Independent Product Venture*

Dec 2025 – Present

- Led product vision for Franky, a physical quest-token dock that turns homework into timed focus quests with real-time feedback and unlockable rewards, helping ADHD middle schoolers (ages 9-15) sustain attention after starting a task.
- Drove 0→1 discovery: interviewed 8 students, developed 3 personas, and evaluated 2 concepts to define the quest-board and focus-session MVP features.

Job Mama – Product Designer & UX Researcher | *HCI Course Project*

Jan – May 2026

- Co-designed an internship-prep platform for CS students, running 5 think-aloud usability interviews to uncover navigation and workflow gaps.
- Synthesized findings into 6 pain points and redesigned the prototype to resolve all 6, adding navigation, confirmation states, and integration.

LEADERSHIP

Editor-in-Chief, *The Stentorian, NCSSM*

Sep 2023 – May 2025

- Launched the school's first online news platform in 40+ years (0→1); led a 20+ person cross-functional team and built editorial workflows that scaled readership to 20.3K monthly views and 88K monthly impressions, funded by \$1,200+ in sponsorships.

President, *Chapel Hill Youth Council*

Aug 2021 – May 2025

- Drove a policy initiative through municipal stakeholders that recognized Lunar New Year as a district school holiday, impacting 14K+ students; launched the council's first Candidates Election Forum.

SKILLS

- **Product:** Product Strategy • Product Discovery • User Research • Roadmapping • Stakeholder Management
- **Design:** Figma • Prototyping • Information Architecture
- **Technical:** Python • JavaScript • React • SQL • TouchDesigner
